Disclaimer of Warranty; Limitation of Liability:
Auto e-Diag Service does not assume responsibility for vehicle malfunctions or breakdowns outside the scope of the scan tool abilities nor assumes any responsibility for repairs not performed or performed incorrectly by a mechanic of the customer's choice. This service is provided without warranties or warranties of any kind either expressed or implied. Accepting this document constitutes acceptance to these terms.

Disclaimer

A vehicle must operate until all of the readiness monitors have been run to know if there is an emission problem. If the battery is disconnected or the trouble codes are cleared, results will not be valid unless the readiness monitor is "complete". The vehicle must be running at operational temperature for at least 3 minutes to collect valid OBD II data PIDs.
